In reply have the honour to observe that as the Police in the Province has been placed on the same footing in respect of pensions and gratuities as Public Servants in other Depts there is no occasion to retain any longer the Special arrangement as regards the Bangalore Town Police

The Commissioner

to state what arrangements are made to carry out the change.

Request that he will also report what amount is available at the credit of the Police Superannuation Fund and what deductions at rate are now made from the pay of the Members of the Police Force and whether the Superannuation Fund of the Bangalore Town is kept separately from that of the Bangalore Cantonment.

Deputy Commissioner's Office
Bangalore District
Bangalore 25th August 1902.

The Secretary to the Dewan
of Mysore
Police Department

Sir,

Referring to your Docket No. 1202/74 of the 7th March last, I have the honor to state that under the circumstances therein explained I would suggest that section 11 of Act V of 1861 which is in force in the Town of Bangalore should be repealed, and that a suitable provision be made in the Budget to meet the charges of Pensions and gratuities of the force.

2. Half anna in the Rupee now stopped from the pay of men, whose salary is Rupees 20 and under on account of subscription to the Superannuation Fund, will be discontinued on receipt of instructions.

3. A sum of Rs. 8153-9-9 is at the credit of Town Police as Superannuation Fund upto 31st July last. This I would strongly urge to be utilized for the purpose which

which I would directly explain.

4 The Town Police is behind hand in several respects to that of the Cantonment, and it is necessary for obvious reasons that steps should be taken from time to time as opportunity offers to improve its condition especially when two forces work so close to each other. The members of the Town Police are now scattered all over the town and some of them live far away from the scene of their duty. This in a police point of view is not recommended, in as much as they cannot be collected without delay in cases of emergencies such as accidental fire, rioting and breach of peace &c^a. It is therefore necessary in the interest of the public service that the whole force should be located in one or two places as is the case in the Cantonment and other places of importance, and Lines should be erected for them. This important object and improvement can be carried out with the fund now available and which more or less was contributed by the men themselves. I would earnestly ask You to move the Dewan to sanction the construction of the Police Lines from the Superannuation Fund, and necessary plan and Estimate for the lines will be submitted

to

for the approval of the Diwan on hearing from you on this subject. In my opinion the lines should be divided into two sections to suit the convenience of both men and the Government. I would propose to have a line somewhere near the Kingery gate, and the other between the central jail and the Sowar Line or some where in that locality.

I have the honor to be

Sir,

Your most obedient Servant.

Deputy Commissioner

Act V of 1861 put us together with previous correspondence. The deduction from the pay of the men is still enforced – Should it be stopped?

2 Lennont available is Rs 8153 –

3 Half anna in rupee per month is deducted.

4 The Dep: Com.r urges the importance of building Police lines & putting the Town Police on the same footing as those of the C & Ln Station. This is desirable, but is it necessary? The question is what will it cost, & whether the money having been collected for the Superannuation Fund on the understanding that it should be made use of for pensions & gratuities, should be diverted from that object. If so, the Town Police must be placed on the same footing as the Regular Police with regard to gratuities & Pension
